Update on the reset

What a blessing it is to stand in hope as we look expectantly towards the future! God has been so good in opening doors of new connections during this time of reset. We have the privilege of gleaning from Mercy Multiplied, a residential ministry that has been operating for almost 40 years. We have received amazing insight from classes through Think Differently Academy. God has even been speaking through the interactions with our current girls and other young adults we have been involved with long term. Each week, Holy Spirit downloads new insight and ideas. We will keep you in a bit of suspense as we continue to discern each part with Him, but be expectant along with us that Father God is birthing something new!

Ka'rizma

"...His mercies never come to an end; they are new every morning; great is His faithfulness."

Lamentations 3:23

Thank God for new beginnings and second chances! Ka'rizma who had been with us for a few months last fall, came back to the Dream House in July. She is back with a desire to heal and grow. She is participating in OIC programs for employment and training, as she discerns her career path. Similar to our reset journey, we have been encouraging her to do the hard thing of waiting. She feels natural pressure to get a job, any job, to make money. To do something. It is difficult to take a deep breath to allow herself to heal, grow and discover her passions. Our hope and prayer is that she can receive from different opportunities in order to have a deep knowing and peace about where God is leading her. Ka'rizma loves children and has developed a special relationship with Taylor and Logan.

It is beautiful to see their sweet, genuine love minister to her heart.

Dinka

"I don't dread going to work!" Dinka says about her job at Tiny Learners Early Learning Center. After a string of not-so-good jobs, Dinka has surprised herself how much she enjoys going to work each day. She was promoted to an assistant teacher position after just a month of employment. She regularly receives great feedback from her director for her compassion and creativity with the kids. "My lead teacher showed me the lesson plans, and they were all my ideas!" She excitedly shared. Although she does not plan on being in this field long term, it is amazing how she lights up when talking about her job. Dinka is beginning her final semester at HACC as a Communications major and is discerning the exciting next steps of her education after this semester.

Please Pray

Sadly, after 6 months of hard work and growth, Nikki unexpectedly left the Dream House. We stand in hope and faith that God can work every situation out for her good. Please pray with us that she is kept safe and that she is drawn back home.

Volunteer Highlight

Debra Nock has supported this ministry since the very beginning. She faithfully came to our work day events when we were renovating the Dream House. She has meticulous attention to detail and settles for nothing less than excellence! She also participated on our fundraising committee and accepted a seat on our Advisory Board where she continues to serve with steadfast dedication. We are extremely grateful to have Debra as such an integral part of our ministry!

Anthony & Matt

Save the Date! ~November 12th, 2021 @ 6:30 pm~
