

The **DREAM** House

A Capital Area Dream Center Ministry

Updates:

Open House and Commissioning

How rewarding it was to show the finished Dream House to about seventy people at our Open House in January! We appreciated everyone who took the time to come check it out and share their energy and encouragement for all that's in store.

Also in January, we had a special commissioning service with our family, church leaders, and volunteers to dedicate the house and the ministry to God and commission us into doing the work He's called us to do. It was a very special and significant time of prayer and worship, and it certainly created an atmosphere of peace and presence in the home.

Great anticipation

After years of dreaming, a year of renovations and a whole lotta prayer, we are anticipating housing our first ladies. The word that we are opening up is spreading fast, as we have gotten emails and phone calls from many interested agencies and organizations. We gave our first official tour and received our first application from a very excited 19 year old girl who has already "claimed" her room! She was in awe of the house and could feel the peace as she walked through. We are praying that if this is where God wants her to be, everything will fall into place, and she will call the Dream House her home in the next couple of weeks.

Another answer to prayer

Days before the open house, we still didn't have heat going. We had Eshenaurs scheduled to come out that week to fire up the boiler, and we believed that it would happen without an issue. Before that scheduled appointment, we got a call from a lady, volunteering her son-in-law to come do the service for free. He graciously came out. When he attempted to start up the boiler, nothing happened. He started throwing out some other alternatives, with high price tags. But we stood believing that God was in this, because He has been so faithful. So we did what we've done all along. We went in the house and prayed. Eshenaurs came out just two days later and fired it up without a problem. Were we surprised? Not really.

"Let us hold unswervingly to the hope we profess, for He who promised is faithful."
