A Capital Area Dream Center Ministry

Updates:

Partnership with Renewal by Anderson

God has been doing amazing things in preparing The Dream House for what is to come! We have been incredibly blessed, since January 2019, by so many people volunteering their time to make this once prominent home beautiful again. However, as renovations took place, more necessary projects were added to the list...that's part of restoring a home built in 1866! Our planned start up date kept getting pushed back further and further.

In September, The Dream House was open to anyone to come pray and declare God's provision and plans over the house. Prayer IS powerful! Exactly a week later, we were giving a tour to Renewal by Anderson leaders. After they saw the news story the month before, they wanted to get involved. We were blown away as they agreed to complete almost all the projects still needed.

On November 16th, they brought a team of 35 people to work on The Dream House. How amazing it was to have so many skilled volunteers hard at work. New doors were put on, kitchen cabinets were installed, light fixtures were hung, old paneling was torn down, and blinds were put up. Although there is still more to do, the partnership was not simply a one day event. They are committed to finishing what they started!

"Move forward and have faith"

Despite the fact that the possible requirement of making the house handicapped accessible was still looming, we knew that God had it resolved and we needed to have faith. Then God told Shannon, "Prayer walk around the house 7 times for 7 days, and the obstacles will fall." Two days after those 7 days, they received the lawyer's report that The Dream House is exempt from ADA requirements. Praise the Lord!

Doors Open!

We plan on welcoming the first ladies the end of January. Applications will be distributed to the agencies and organizations we have connected with. Once applications are returned, the candidates will then be interviewed to access if this is a good fit for them. Through prayer and discernment, a decision will be made as to whether they can best grow and flourish at The Dream House.

Upon acceptance, the ladies will then partake in a 3-day orientation with Shannon, where a relationship can be established, expectations set, and the freedom to start dreaming will be released!

The home will start with 2 ladies and then slowly add one at a time as the Lord leads.
