A New Apartment

He carefully wiped off his TV as we talked. I could feel the confidence and pride he had as he moved around his apartment, cleaning and chatting.

His very own apartment!

Although, the Dream House primarily serves young women, we are open to whoever God brings along our path... or in this case, keeps close to our heart. We have quite a history with this young man. A true bonded relationship. Which makes being in his very own apartment with him extra special. This place is a fulfillment of a lot of prayers and many conversations. Just for him to have something this significant that is his very own is amazing. But it's not even just the apartment. **Many Dream House Ambassadors came around him in more significant ways than they realized donating kitchen supplies, bathroom items, couches and more!**

"I went to get another box from the car and when I came back he had his bed all made with all the pillows arranged neatly on the bed," shared one of the volunteers. **Because he finally has something to be proud of.** What a true joy it is to see this unfold. From sitting with him in principal offices, court rooms, detention centers... to now sitting on his couch in his apartment. **Praise God!!**

The Dream House played a major role in opening up this opportunity for him.
